

FORM FOR UNILATERAL TERMINATION OF THE CONTRACT

The right to unilateral termination of the contract

You can terminate the contract unilaterally within 15 days without giving a reason. In order to be entitled to unilaterally terminate this Agreement, you must notify us of your decision to terminate the Agreement unilaterally before the deadline by an unequivocal statement sent by mail to CER-CO d.o.o., Biljevec 76, 42243 Maruševac or e-mail at info@startcbd.eu in which you will state your name, address, telephone number or e-mail address, and you can also use the attached example form/notice for unilateral termination of the contract below. The deadline for unilateral termination is 15 days from the day when the goods subject to the contract were handed over to you or to a third party designated by you, who is not a carrier.

If you unilaterally terminate this Agreement, we will refund the money we received from you without delay, and no later than 15 days from the date of receipt of your decision to unilaterally terminate the Agreement. We will also refund delivery costs unless you have chosen another type of delivery that is not the cheapest standard delivery we have offered. In this case, we will only refund up to the amount of the cost of our standard delivery.

The refund will be made in the same way as you made the payment. If you agree otherwise to a refund, you will not incur any costs in relation to the refund. We can only refund the money after the goods are returned to us or after you provide us with proof that you have sent the goods back to us.

You must return the goods without delay and at the latest within 15 days of notifying us of your decision to terminate the contract. It is considered that you have fulfilled your obligation on time if you send us the goods before the expiration of the above deadline. You must bear the direct cost of returning the goods yourself. You are responsible for any impairment of the goods resulting from the handling of the goods, other than that which was necessary to determine the nature, characteristics, and functionality of the goods.
